

## PRESIDENT SLEW VICIOUS GRIZZLY

Bear Was Bowling Over a Hound With Every Sweep of His Paw.

### ROYAL SPORT IN ROCKIES

The President Enjoying Himself Hugely—Very Proud of First Trophy of Hunt.

(By Associated Press.) GLENWOOD, COLO., April 20. That President Roosevelt is enjoying royal sport in his hunt for Rocky Mountain grizzlies is attested by Secretary Loeb, who returned from the camp late to-day, after having spent last night with the President's party.

While the only game pulled down thus far is a bear shot by the President and a lynx, or bob-cat, shot by Dr. Alexander Lambert, of New York, there has been plenty of recreation. Every day the dogs have followed trails that looked promising, showing that there are more bears to be found in the region now being hunted. Camp will not be moved until Saturday. Then the party will settle on West Divide Creek, within twenty miles of the present camp, and four miles nearer New Castle.

### How He Slew Bruin.

Secretary Loeb was told the story of the killing of the bear. The dogs had several times caught up with the bear, and had annoyed him until he was in a vicious mood. Finally, when he was at bay, two or three members of the party, including the President, came up with the dogs. One dog had been killed and several others severely wounded, and the grizzly was playing havoc with the other dogs that were tantalizing him. To save the dogs, the President had to shoot hurriedly. Every sweep of the bear's paw bowled over a hound, and rather than see any more of the pack killed, the President took the chance of shooting among the dogs at the bear. He fired once and hit the animal in the snout. Firing again he killed him. He takes great pride in his first trophy of the hunt.

The most important business between the President and Secretary Loeb was in relation to appointments that have been made. The President signed the appointment of George W. Atkinson, of West Virginia, to be judge of the United States Court of Appeals.

### Sunday School Anniversary.

The Sunday-school of Immanuel Baptist Church celebrated its twentieth anniversary last night. There was a good attendance and the occasion was a very pleasant one. Superintendent Captain made a short address, there were a number of recitations and after these exercises refreshments were served, and a pleasant social hour was spent.

## JEFFERSON MUCH BETTER; SITS UP

Ate Every Hour and Chatted Pleasantly With His Family.

### RECOVERY NOW POSSIBLE

Illness Due to Over-Exertion and General Weakness, Caused by Indigestion.

(By Associated Press.) WEST PALM BEACH, FLA., April 20. There is every indication to-night that Joseph Jefferson will recover. Chas. B. Potter, his physician, is hopeful, and Mabel Bingham, the nurse, thinks the worst is over.

The reports that Mr. Jefferson was suffering with pneumonia, are untrue. His illness is due to over exertion while on a visit to Hobe Sound. Added to over exertion was a general weakness, caused by indigestion, from which he suffered last spring. This ailment returned Tuesday night, when there was such a decided change for the worse. It came after days of failure to retain nourishment. Although he told his son Frank, who was at his bedside at this time, that he was not at all seriously ill, he appeared fearful of the end, he was the first yesterday to say that he would recover and to-day has been talking cheerfully and asking that arrangements be made for his return to his northern home.

### Sat Up and Talked.

From what Dr. Potter says, the assurance of recovery came when Mr. Jefferson was able to retain nourishment. This favorable condition was pronounced to-day, when he called hourly for food and retained all given him. Chicken broth, which he was given, and this afternoon he has taken tea, milk and toast.

At 4 o'clock he asked to be permitted to sit up and his request was granted. His room is on the second floor of his cottage, and after fifty yards from the cottage and on a fifty yards from the cottage, which he so admires. He did not tire and enjoyed the cool breeze while chatting with the nurse.

Despite the fact that Mr. Jefferson has been almost at the point of death, Dr. Potter, who lives at West Palm Beach, two miles from the Jefferson home, has not been constantly at the bedside of his patient except during the few hours Monday night, when the change for the worse occurred and he was called. Mr. Jefferson revived to such an extent that his physician felt justified in returning home and making only visits at intervals of three hours, each time noting an improvement. Dr. Potter said that the representative of the Associated Press at the Jefferson home to-night would go to the Jefferson home to-night unless called. This assurance of the condition of Mr. Jefferson was accepted by his family as indicating that the worst is over and it came after they had noted the many changes for the better during the day.

## RAMSEY HAS OPEN BREAK WITH GOULD

(Special to The Times-Dispatch.) NEW YORK, April 20.—At a meeting of the directors of the Wabash-Pittsburg Terminal Company, held in this city yesterday, the resignation of Joseph Ramsey, Jr., president of the company, was received and formally accepted without discussion. F. A. Dolan, formerly general manager of the Burlington Road, was at once elected as his successor.

Following repeated rumors of friction between Mr. Ramsey, who is also head of the Wabash system, and George J. Gould, chairman of the board of directors of the company, it is assumed that the step taken by Mr. Ramsey was not entirely unexpected. It is assumed that he will resign from the Wabash before the year is out.

Among the causes which led Mr. Ramsey to resign from the Wabash-Pittsburg Terminal were questions of finance and interference with his management of the road.

### RECITAL OF SONG.

Delightful Concert in the Henry Clay Inn.

(Special to The Times-Dispatch.) ASHLAND, VA., April 20.—The people of Ashland were treated to a rare and beautiful recital of song here to-night. Mrs. Bertha Cushing Child, of Boston, assisted by an Amateur Police Justice, and Mr. Matthews, of Richmond, as accompanist, gave a special concert in the Henry Clay Inn and an appreciative audience greeted her.

Mrs. Child possesses a rich contralto voice of unusual depth and in some of the songs on the programme to-night she had fine opportunity to exercise it. The wonderful scope of her voice was heard in "The Poet Gazes on the Moon," by Lang, and also in the "Cradle Song," by Beach. She also rendered in superb force of voice Gluck's "Havens, Let My Burial," and in Mendelssohn's "But the Lord is Mindful."

The performance of Miss Abbott as violinist received enthusiastic approval, as she possesses excellent control of her notes, and this was shown particularly in the rendering of Mendelssohn's "Concerto," by DeBorja, "Sing Me to Sleep," with violin obligato, by Greene, was given by Miss Abbott and Mrs. Child, in which they shared honors jointly.

### Eliminate Grade Crossings.

(Special to The Times-Dispatch.) DANVILLE, VA., April 20.—The long delayed and much needed change in the Southern Railway tracks between this city and Rockville, will soon be consummated. The company is arranging to reconstruct, straighten and double track the line between these points at an early date. The surveys have already been made and the work is well advanced. It is not pleasing to the eye, but a discord. We work hard to have the line-maker, and we very seldom make mistakes. A trial order will prove what we say.

Our aim is to give you the best printing you ever got for the money—not the cheapest printing you ever saw.
